SHORELINE MASTER PROGRAM PERIODIC UPDATE Notice of Open House

Anacortes is conducting a periodic review of its Shoreline Master Program (SMP) as required every eight years by the state Shoreline Management Act. The periodic review ensures that the SMP stays current with changes in law, and is consistent with other City plans and regulations. The City anticipates adoption of updates by June 2020.

An Open House is being held to inform the community about the SMP Periodic Update process, answer questions, and collect feedback. Please join us!
