

# Billy Goats Gruff Castle – Storytime 7/20/2020

## Supplies:

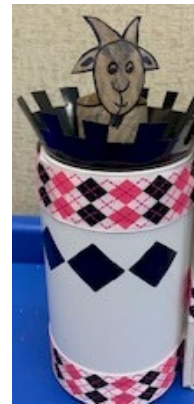

Disinfecting Wipes Container  
Box (I used a small box)  
Ribbon  
Toilet Paper Rolls  
Black Plastic Bowls (2)

Permanent Markers  
Scissors  
Paint  
Hot Glue Gun

This is a display castle! Like all the other castles use your imagination to create a castle for the Billy goats. You can make this as big or little as you want. I just wanted to show you different materials you can use.

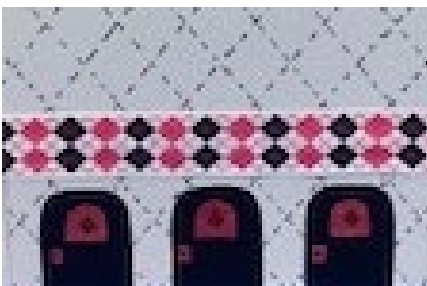

Gather your supplies to make the castle for the Billy Goats. I used what I could find around my house and I wanted this castle to be something I could do quickly.

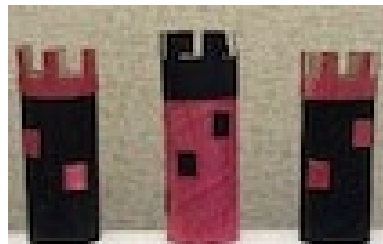

The bowl fit right inside the container. All I had to do was cut the top off and make the notches. This Billy Goat likes the view from the tower!

Peel the label off the disinfecting wipes container. I had this ribbon and it inspired the whole castle look. I used a permanent black marker to draw the diamond shaped windows.

Continuing with the diamond shape I decided to draw that on the box. Of course, all the Billy Goats had to have their own door!

Toilet paper rolls are so great to use when making a castle. Have fun designing your towers!

Have fun making the Billy Goats and the ugly troll!
