

## Watershed Control Plan Strategies

Strategy	Number	Description
<b>Public Education</b>	PE-1	Include a notice explaining the purpose and goals of the WCP in consumer confidence reports
	PE-2	Give presentations at city and county council meetings to describe and explain the purpose of the WCP
	PE-3	Coordinate public education efforts with community and non-governmental groups
	PE-4	Publish information about the WCP on websites
	PE-5	Broadcast information about the WCP on public cable access channels
<b>Emergency Notification</b>	EN-1	Inform local officials, emergency management personnel, law enforcement and others of their need to immediately notify water treatment plant operators of accidental discharges to the Skagit River
	EN-2	Create a clearly outlined notification system in cooperation with these agencies and incorporate the system into emergency response plans
<b>Permit Holder Notification</b>	PH-1	Contact individuals listed as holders of environmental permits within the program area to describe and explain the WCP and explain what permit holders should do in the event of an accidental discharge
<b>Interlocal Agreements</b>	IA-1	Enter into Memoranda of Agreement with municipalities, agencies and others to demonstrate the mutual understanding of the intent of the WCP and the roles each party will play in the implementation of the WCP
<b>Coordination</b>	CC-1	Establish a Coordinating Committee consisting of members representing local agencies, governments and other interested parties to facilitate the ongoing development and implementation of the WCP
	CC-2	Utilize the knowledge, expertise and affiliations of the Coordinating Committee to find ways to facilitate the implementation of the WCP strategies
